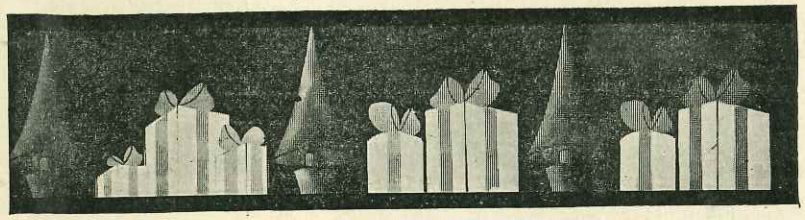
12 rolls or more. Per roll..... **65¢**

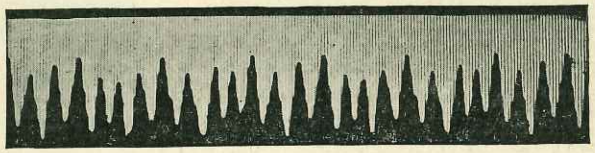
"TOYLAND PARADE" VALANCE

Valance No. RX-736—Size 20 in. x 25 ft. long. Very effective in showcases, on walls and above shelves—ideal for window valance, too! A background of Canary Yellow **Reytrim** offsets the amusing antics of the characters done in Poinsettia Red and Antwerp Blue. Each roll is packed in an individual corrugated shipping carton. Price..... **$3.75**



"TREE AND GIFT" VALANCE

Valance No. RX-836—Size 20 in. x 25 ft. Done in Cherry Red, Emerald Green and White on a simple but effective Black **Reytrim** background. Can be used anywhere in the store, but particularly effective above all wall cases and as a showcase lining. Each roll packed in an extra strong corrugated shipping carton.
Price..... **$4.25**

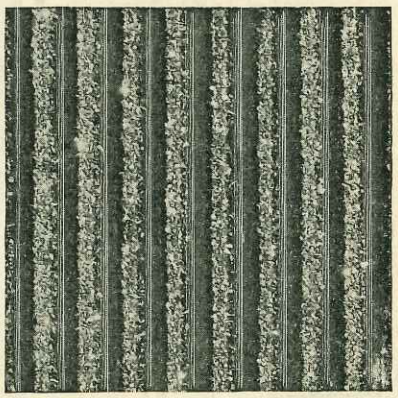


REYTRIM ICICLES

No. RX-50—These realistic looking icicles depict the snow and ice effect so necessary for the true Christmas spirit. Unlimited display possibilities. Nothing better for decorating ledges, posts and suspended light fixtures. Ideal for shelves, borders, etc. Looks like the real thing, too! Naturally, they are snow white. Available in rolls 25 ft. long by 9 in. wide and packed in a decorative carton. **90¢**
Per roll, 1 to 11 rolls.....
1 or more cases (12 rolls to case). Per roll..... **75¢**

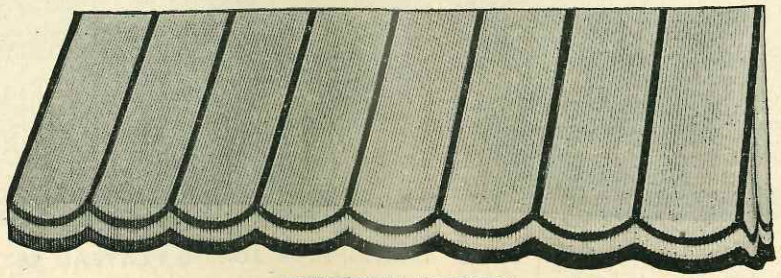
FLITTER COVERED ICICLES

No. RX-100—Same as above except the top ridges of the Reytrim Corrugated are heavily covered with a very fine grade of silver glass flitter.
Per roll, **$1.80**
1 to 11 rolls.....
1 or more cases (12 rolls to case).
Per roll..... **$1.50**



Flitter Covered Corrugated Reytrim

Comes only in rolls 48 inches wide by 25 feet long (100 square feet). Available only in White, Flame Red, Emerald Green and Napoleon Blue. The top ridges of the Reytrim are very heavily covered with a very fine grade of silver glass flitter, allowing the color to show only in the deep part of the corrugation (3½ pounds of flitter are used to every roll). **$6.00**
Per roll.....



REYTRIM AWNING

A snappy yet simple awning design adaptable to most every display purpose. Available in **Blue on White, Red on White, Orange on White or Green on White.** Each roll is packed in an individual corrugated carton.

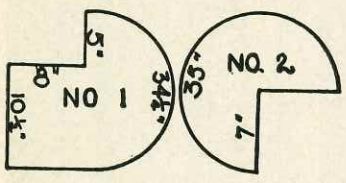
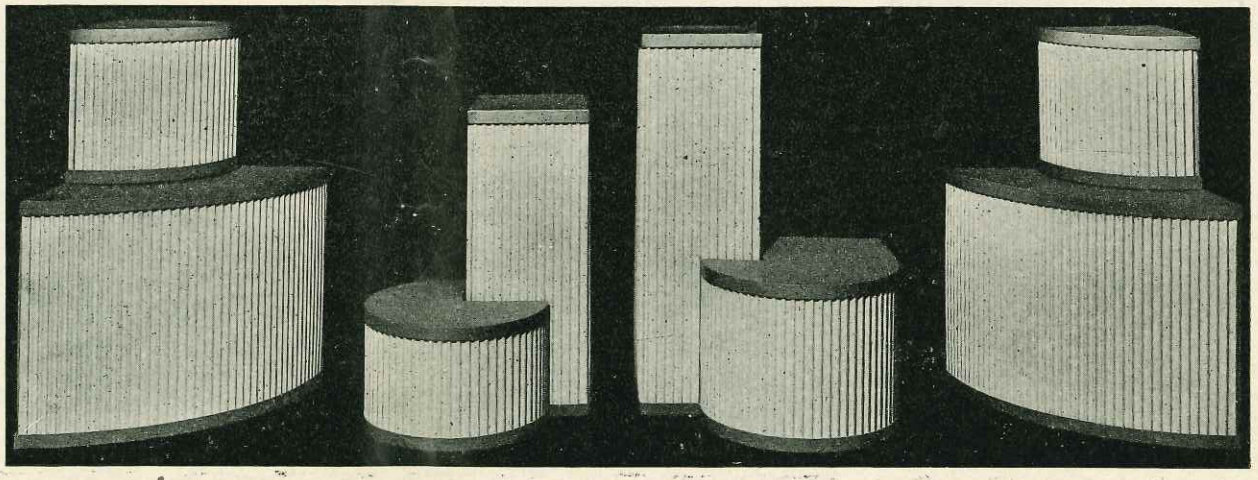
6-PIECE JUMBO PEDESTAL SET

There's a world of possibilities in your windows and ledges with these sets. They can be used very nicely by putting three on each side of an attractive panel, thereby completing a background or ledge unit. Each set consists of 2 pedestals 18 in. high, 2 pedestals 30 in. high and 2 pedestals 48 in. high (all 8 in. in diameter). Made of corrugated white Giant Rib Roll with 8-in. silver Reycaps. Price complete, per set..... **$2.25**

Can also be furnished in any color of Giant Rib Roll listed on page 2 with either silver or gold rings.
Price, per set..... **$2.45**





EIGHT-PIECE JUMBO PLATEAU SET

Here is just the Plateau Set you have been waiting for! This striking contrast of Blue caps and White Giant Rib Roll will feature your merchandise to its best advantage. If a different color scheme is desired, merely paint the caps a varying color.

The construction of this set is such that it will enable you to arrange it 101 different ways. Simple instruction sheet for assembly is enclosed.

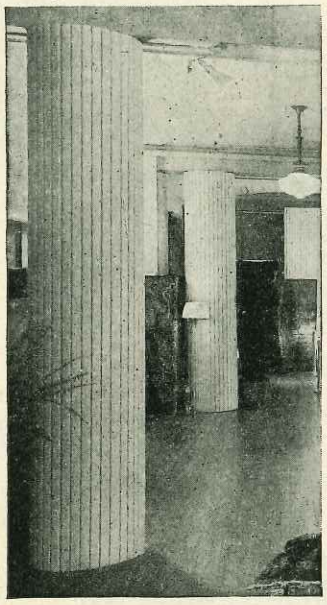
Each set consists of 8 pieces:

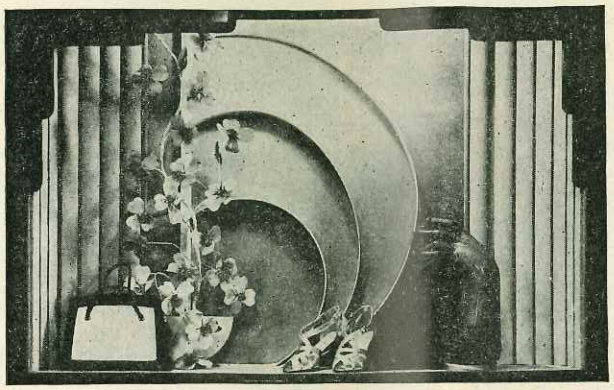
1 Plateau 12 in. high	1 Plateau 20 in. high
1 Plateau 9 in. high	2 Plateaus 18 in. high
1 Plateau 24 in. high	2 Plateaus 12 in. high

Packed in extra strong carton, complete as shown.
Price..... **$7.50**

BUTTRESS DISPLAY BOARD IN STOCK

LAPPED EDGES. As illustrated in the photograph the lapped edges of Buttress Board make one continuous sheet when in place and require no support or framework. Tack in place on your permanent background.





Above is illustrated the use of Buttress Board panels in a ledge case. No better material is available for this purpose, as it conforms to any curve and is self-supporting.

To the left Buttress Board is shown as a modern decorative covering for columns inside the store. No framework or other support is necessary.

FOR IMMEDIATE DELIVERY

●

This Board has the appearance of a fine lacquered wood and feels like a fine kid glove.

The Board stands alone. Requires no support or framework. The Board is fabricated from heavy tough paper. Will not buckle, swell or warp, as the board is rolled with the grain or length of the paper, reinforced with heavy brown Kraft paper backing which holds all channels and ribs in place.

The ribs are 1⅝ inches wide with lapped edges so you can have the board as wide as required.

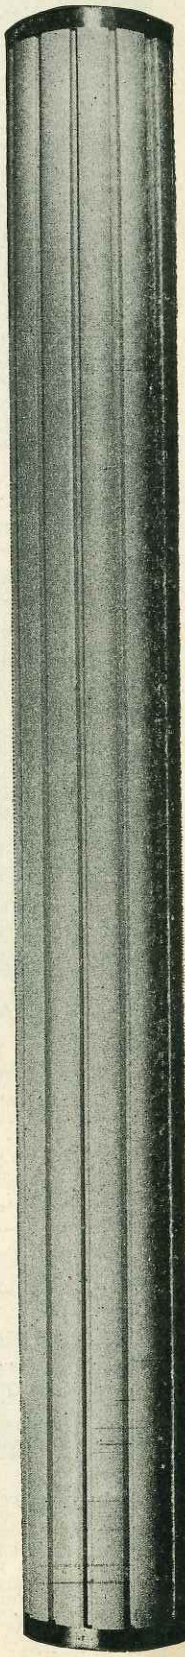
For unusual effects the board can be painted or decorated by any method.

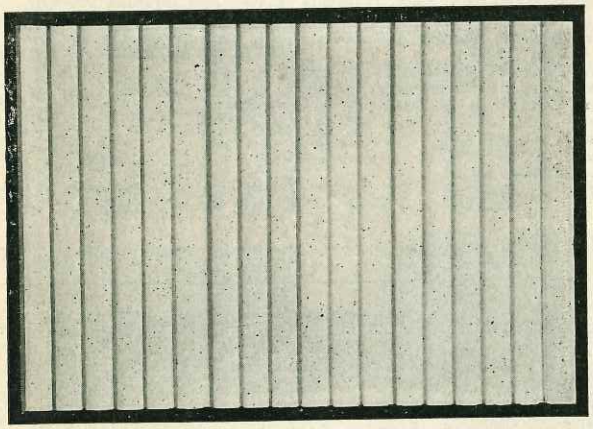
This is the widest display board on the market. It is not a one-time display paper but a display board that can be used many times, saving time, money and labor.

Buttress Display Board is used for all types of display work, window and interior decorations—booths, floats, pedestals, plateaus, false-walls, partitions, ceilings or wherever an ultra modern effect is desired. It is especially adapted for unit displays and backgrounds.

Display and advertising men say that the Board is the most practical and the least expensive on the market and recognize the fact that outstanding window and interior displays are prime factors in stimulating business.

The Buttress Board column shown to the right is 8 inches in diameter and is held in place with our Colordex Ring Sets. It is self-standing and makes a sturdy, beautiful column from a ½ sheet.





As illustrated above, Buttress Board is 18 ribs wide, each rib is 1⅝ inches. Grooves are approximately ½ inch wide and ½ inch deep, reinforced with Kraft backing.

Colors and finishes available on special order not in stock: Red, Black, Buff, Orchid, Orange, Gray. All 3 ft. x 8 ft. size. Same price as colored Board at left.

Special Finishes

Gold and Copper Metallic finish 3x8 ft. Per sheet..... **$5.50**

LUSTR-WEAV

The illustration at the left shows just some of the smart new draping effects readily achieved with the soft and lustrous material LUSTR-WEAV. Here are vertical pleated panels, Victorian drapes, puffings; all indistinguishable from the most expensive fabrics—yet costing only a fraction as much.

LUSTR-WEAV is a beautiful new draping material with rich, lustrous sheen. It looks like the most expensive of decorative fabrics; it handles very easily, and is unrivaled as a smart, practical material for both window and interior display.

LUSTR-WEAV is made by an entirely new process and is not to be confused with crepe paper. It is handled like a fabric and is not to be stretched. Displays installed with it will not sag or droop in damp or rainy weather. LUSTR-WEAV is available in three popular metallics—gold, silver and copper and solid colors and pastels.

No. DM-95—Silver Metallic. In rolls 30 in. wide by 12 yards long. Per roll..... **$2.40**

Football Players Design-Craft

Use this panel to score "touchdowns" with your displays. The color and dash of this design will compel attention wherever you use it. A most effective fall display item. It is done in red, light amber, and brown, on a sand background.

No. DF-108-M—Football Players Panel 40 in. x 72 in., white, flexible corrugated backing. Each..... **$2.60**

No. DF-48-M—Three individual Football Players Panel, each 40 in. x 72 in. Price..... **$6.45**

Harvest Scene Design-Craft

The spirit of the fall season is embodied in the beautiful design of this panel. Its color scheme consists of rich autumn hues of orange, brown and maize on a background of light orange. Highly decorative in itself, you will find this panel a helpful and most attractive item for your fall displays.

No. DF-113-M — Harvest Scene Panel 40 in. x 72 in. White flexible corrugated backing. Each.... **$2.60**

No. DF-13-M—Three individual Harvest Scene Panels, each 40 in. x 72 in. Price..... **$6.45**

TONE-CRAFT

TONE-CRAFT has an entirely new texture and a depth of color that makes it an outstanding contribution to modern decorative treatment. Its very newness gives it remarkable attention-value. At a normal viewing distance, it has a soft, cloth-like appearance which distinctly flatters the merchandise on display. It gives back no glare to distract attention.

TONE-CRAFT is one of the most adaptable of decorating materials, and may be used for an infinite variety of cut-out panels and display stands. It also is used for covering entire backgrounds.

TONE-CRAFT has a heavy, two-toned rough surface with a white corrugated backing. Rolls are 40 inches wide and 30 feet long (100 square feet).

No. DM-510-M—Orchid
No. DM-514-M—Purple

DEEP-TONE PAPERS

DEEP-TONE is the surface material of Tone-Craft and is available in the same colors as Tone-Craft without the corrugated backing. DEEP-TONE provides a beautiful two-toned color effect and a rich, velvety background for floors and other flat work at a low price. It is an ideal material for covering the base of windows, showcases and interior displays, and for making flat, full length background panels. It is heavy and lies flat with a minimum of tacking.

In rolls 40 inches wide by 30 feet long (100 square feet).

Available in all the colors of Tone-Craft listed above. All colors. Per roll..... **90¢**

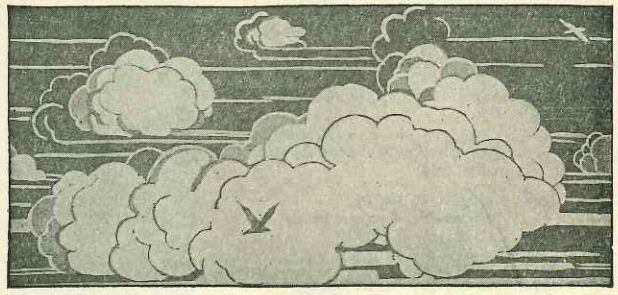
No. DM-595—Silver and No. DM-590—Gold Bronze. Per roll..... **$1.40**

Design-Craft Football No. DF-14

A very realistic football for use with college pennants or any displays featuring the sport itself. Supplements the Football Players Panel No. DF-108-M nicely. Just right for size and color. No. DF-14 — Cut-out 12 in. long x 7½ in. wide. Put up in packages of 12 cut-outs each. Per carton of 6 packages (72 cut-outs).... **$5.00**
Single packages (12 cut-outs).... **$1.00**

DESIGN-CRAFT

Design-Craft combines greater durability with a new smart appearance to give you the ideal display material. None of the surfaces are easily marred; in fact, you may even walk upon them without ruining the surface. The corrugated backing, embossed at two-inch intervals for easy cutting, is covered with a white Kraft stock which can be used for a display surface.



CLOUDS DESIGN-CRAFT

A new design in a 40 in. x 84 in. horizontal panel. The fleecy white clouds, tinted with shell pink, stand out against a pale blue sky. The continuous design permits the use of long lengths, consisting of several panels in one roll. You will find many uses for this in your display plans.

No. DM-102-M—Individual Horizontal Panel, 40 in. x 84 in. Each..... **$2.70**

ICY-TRIM

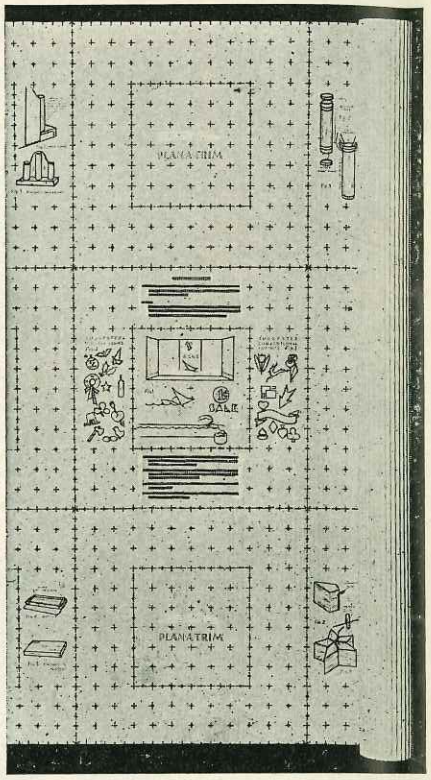
No. X-413—A glistening icicle effect which you can use in many of your windows and throughout your store. Icy-Trim is made of a mica impregnated paper with a corrugated surface. Scored on a line 1 in. from the top edge and parallel to it for easy installation and so that the tacking edge is concealed. In rolls 25 ft. long x 10½ in. wide. Each roll in an attractive carton. Per roll..... **90¢**

NEW!!! PLAN-A-TRIM

The Popular Corrugated Surface Decorating Material

Plan-A-Trim is available in a wide variety of distinctive and popular colors, ranging from white and pastel shades to the metallic golds and silvers.

Plan-A-Trim helps you to plan your window trim. Convenient guide lines on the backing sheet of every roll eliminate any necessity for measuring instruments and make accurate cutting and scoring easy. Cuts evenly and cleanly, leaving no frayed or fuzzy edges. Also on the backing sheet are plans (fully explained, illustrated and dimensioned) for a wide variety of pedestals, plateaus, backgrounds, appliques, etc. (See illustration.)



Each roll comes packed in an individual container. Rolls 60 inches wide by 20 feet long (100 square feet).

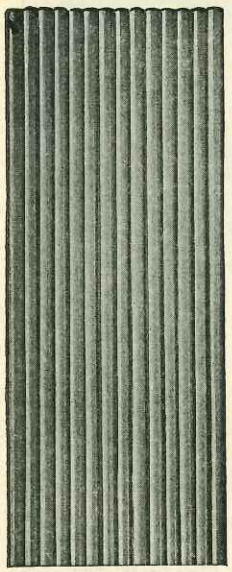
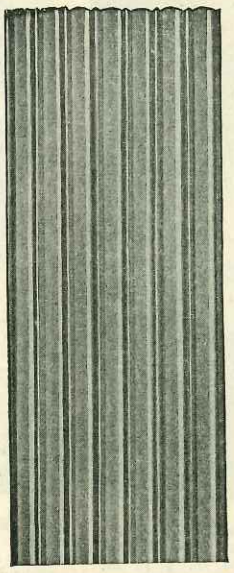
THE STORY OF ARCHITEX

ARCHITEX won the enthusiastic acclaim of display men at the last convention of the International Association of Display Men. Its immediate acceptance by these leaders in the field was most gratifying. We believe this was due to the nature of the product itself, its beautiful modern appearance, its classic design, its enhancement of merchandise. ARCHITEX is made of heavy stock formed into panels of various grooved effects simulating the appearance of expensive plaster or specially milled wood. On this page appear the various designs in which ARCHITEX is available. For beautiful classic columns, plaster effect and backgrounds, display pedestals and platforms, decorative borders and valances, ARCHITEX is filling a definite requirement in modern display.

ARCHITEX is featured in beautiful oyster white in all designs. Each design of ARCHITEX is of a reversible nature, either side being attractive, depending on the effect desired. Special colored designs on ARCHITEX can be easily achieved by lacquering or by applying first, a coat of shellac and then oil painting. By using ARCHITEX first in its original color and then painting or reversing, its use can be prolonged indefinitely. Standard sizes are as follows: Single sheets 7 ft. high by approximately 20 in. wide. Packed 6 single sheets to a carton. Sizes up to 12 ft. high on special order.



Design A — 1¼-in. half round groove finished both sides. Single sheets 20 in. x 7 ft. Each **$1.85**



Design D — 2-in. half round groove with intervening ½-in. pleat, finished both sides. Single sheets 20 in. x 7 ft. Each..... **$1.85**

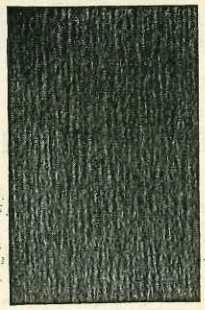
The above illustration is ¼ actual size

EMBOSSO PAPER



Is a heavy embossed paper, backed with heavy special backing paper that lies perfectly flat and is especially adapted to various decorative uses where rigidity is not essential. It is especially adapted for covering surfaces, making floor mats, covering panels, etc. The BIG FEATURE is the wide width, as EMBOSSO comes in rolls 60 inches wide by 30 feet long.

EMBOSSO is a very tough and sturdy embossed paper board material, very heavy. It has the exact appearance of grained leatherette cloth, excellent as a floor covering, background or panel material. Very fine for re-covering plateaus, pedetal sets and tubes. Size of **roll 60 in. wide by 30 ft. long.** Price, per roll..... **$3.25**

EMBOSSO PAPER is carried in stock in the following colors:

No.	No.	No.

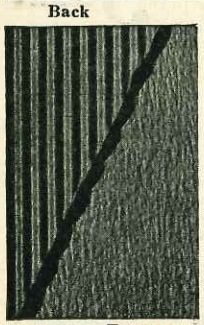
Back



Front

EMBOSSO BOARD

Is identically like EMBOSSO PAPER, the only difference being that EMBOSSO BOARD is Embosso paper made with a corrugated paper glued to the back of it to give it bulk and make it rigid and very strong. Illustration shows the **corrugated back** of Embosso Board. It is ideal for all decorative uses and is especially adapted for making pedestals, for use with RING SETS or wherever strength is a factor in making display hold weight. Same as the other corrugated decorative materials now on the market. It cuts and scores easily and is very rigid when made into columns, cylinders, plateau displayers or background panels. Size of roll 60 in. wide by 20 feet long. Price, per roll of 100 square feet..... **$3.00**

EMBOSSO BOARD is carried in stock in the following colors:

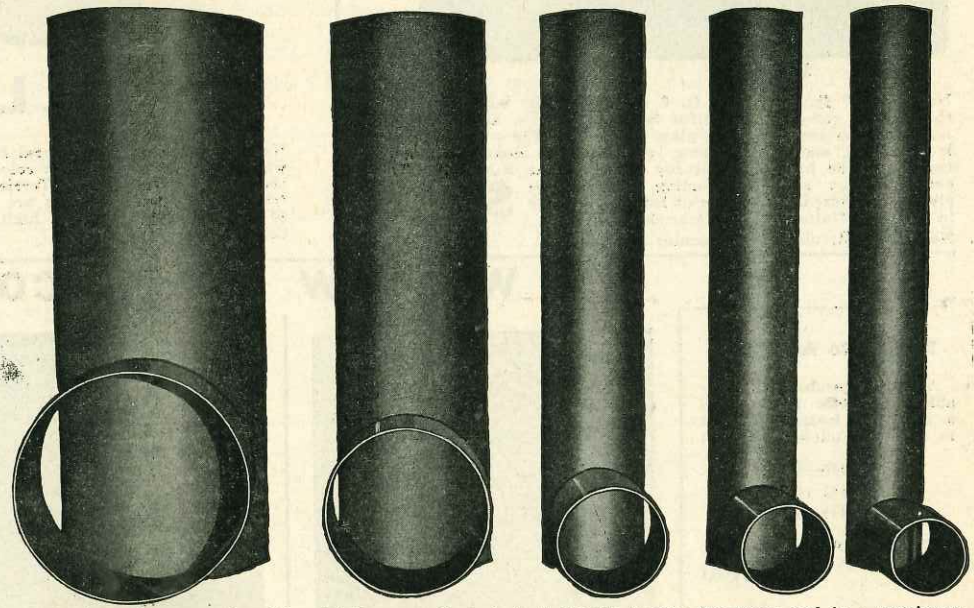
SEAMLESS TUBES AND HALF TUBES



Seamless convolute wound wallboard tubes are all made individually in five diameters and in a maximum standard length of 63 inches. They are considerably tougher than the old type spiral tube, and because they have a perfectly smooth unlined surface, they can be painted with either lacquers or Texolite perfectly. They can be worked perfectly with a cutawl, and because of their extreme strength are suitable for any type of displayer, column or permanent structural use.

SEAMLESS TUBES
63 in. long

PRICE LIST
INSIDE COLLARS FOR SEAMLESS TUBES—all 12 in. high

NOTE: Seamless tubes can be produced only in 63-in. lengths. In order to obtain any desired length, we furnish inside collars which fit tightly inside the seamless tube, joining two tubes of the same diameter like fish pole extensions. In this manner, a 50-ft. tube can be built, if desired.

CUTTING CHARGES FOR HALF TUBES

For the convenience of the customer, there is a net service charge for cutting tubes lengthwise to produce half tubes for backgrounds. Prices are for any length; up to 6 in. diameter, **25¢**; up to 12 in. diameter, **35¢**; up to 25 in. diameter, **45¢**.

CHROME CHANNEL FOR HALF TUBES

This is a bright chrome channel which fits over the cut edges of half tubes, providing a clean-cut, finished edge. Minimum order, five bars. 10-ft. length only, price **60¢** each.

All Tubes F. O. B. Ohio Factory.

GARRISON-WAGNER CO., St. Louis, Mo., U. S. A.

Now . . . You Can Use CUT-OUT LETTERS ON YOUR DISPLAYS

The New Colored Corrugated

ALFABEX

5 EXCLUSIVE FEATURES

A New Standard in Colored Corrugated with

1. Letters and numerals outlined over entire backing—5 in., 4 in. and 2 in. high. (33 sets of letters and 22 sets of numerals ready to cut out on every 100 square foot roll.)
2. Heavier weight (70 lb. compared to 50 lb. standard materials) giving added rigidity for self-supporting displays and pedestals and eliminating the "wave" of lighter materials.
3. Nineteen perfectly matched colors by Continental Color Corporation—in proper tones and values —according to Munsell Color Atlas—to assure modern correct color harmony. (Gold and Silver—60 in. wide at only slightly higher prices than colors.)
4. The 60 in. x 20 ft. rolls are packed in the Capedaform carton—with display stand forms outlined over entire shipping carton. Suggestion bulletin showing ideas for using cut-out letters, color combinations, display forms and other display ideas wrapped with every roll of ALFABEX!
5. Sunfast Colors—high in "Fadometer" tests.

And ALFABEX costs the same as other corrugated board—you pay nothing extra for these exclusive features.

The Continental Color Corporation developments in direct coloring—(under the direction of Fred George)—make it possible and economical to create exclusive colors and patterns that are certain to establish new interest in corrugated boards and other decorative materials.

Has Letters and Numerals Outlined on the Backing

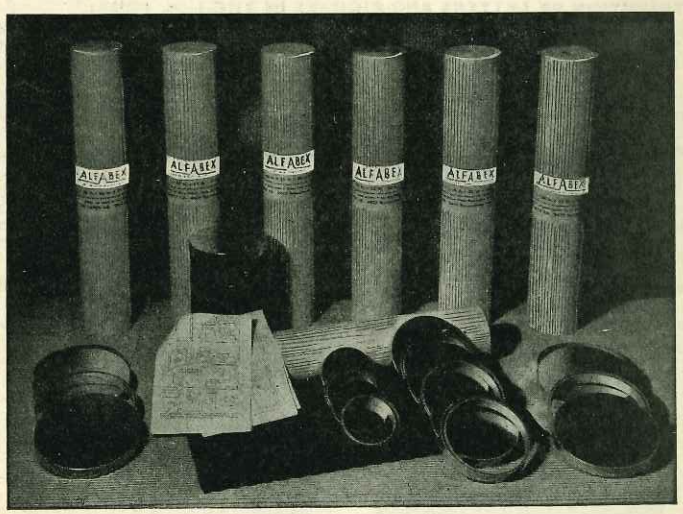
Here's a brand new idea that makes colored corrugated board even more popular for display work.

ALFABEX makes it possible—easy and decidedly economical—for the dealer to follow the display trend of putting bold copy in cut-out letters—on the window background—flashing a sales message to the sidewalk and street traffic!

Inside the store, cut-out letters are used by department stores, syndicate stores—every type of store—on ledges and wall displays. Shoppers can't miss these bold selling headlines!

Suggestions and instruction circular packed with every carton.

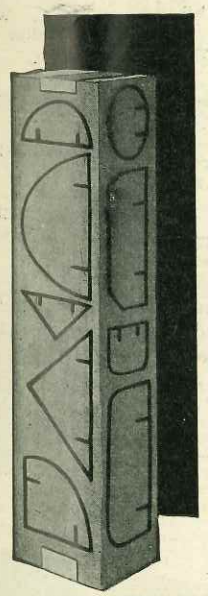
Every roll of ALFABEX is covered over the entire backing wih letters, numerals and characters—plainly outlined and easily cut out with scissors or knife. A 100 sq. ft. roll gives you 33 complete alphabets and 22 sets of numerals—from 2 to 5 in. high. Use ALFABEX also for background panels, pedestals, covering purposes, etc., and then SAVE IT for cut-out letters. Letters may be attached with regular glue or pins.



ALFABEX DISPLAY ASSORTMENT

6 Rolls of ALFABEX (30 in. wide, 10 ft. long). Six seasonal harmonizing colors. **10 Pedestal-Ring Sets** for forming sturdy Display Stands—4 sets 9 in. diameter, 4 sets 7 in. diameter, 2 sets 5 in. diameter. **Silver Chrome Finish.**
With Display Idea Book, complete..... **$5.85**

Packed in Capedaform carton.



EXCLUSIVE CAPEDAFORM CARTON

ALFABEX rolls are put up in the **Capedaform** Carton—with display stand forms printed over the entire shipping carton. Cut the forms out and cut Alfabex any height you want the display stand (see sketch). Use cardboard or wood for tops—a trifle larger than forms.

ALFABEX Comes in 19 Sun-Fast Colors

ALFABEX is the smaller heavier flute corrugation—the same as the standard brands with a new process of coloring that gives a richer effect and a much faster color than any other corrugated board on the market.

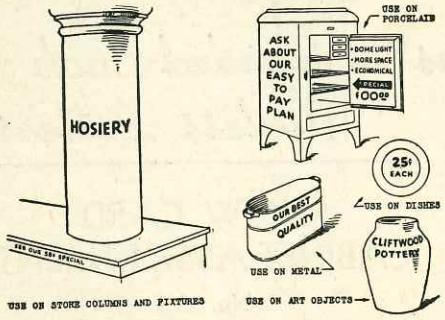
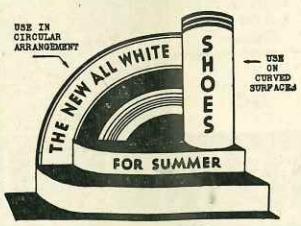
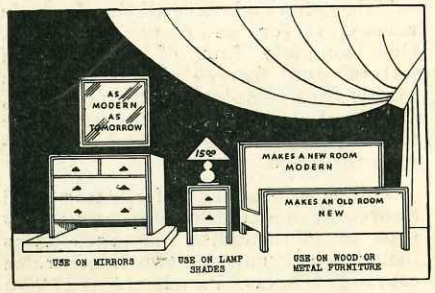
"POSTON" ALPHABETS AND NUMERALS



POSTON characters adhere firmly to CLEAN, flat or curved, SMOOTH surfaces, such as plain or mirrored glass, woodwork, metal, porcelain, tile, painted walls, smooth grained fabrikoid, oil cloth, etc. No attachments are necessary. You simply press them on and they stay put. They adhere by suction and are, therefore, instantly removable without the slightest damage to the finest of surfaces (see note below). They are commercially indestructible and can be used over and over again indoors and outdoors.

When you have something to say that you want people to read, you naturally prefer a location where these people are most apt to look. With POSTON characters this location can be the background of the window, fixtures in the window, or the window itself. If the advertisement is to be inside the store, the preferred location may be anywhere from the floor to the ceiling, columns that support the building, or the walls surrounding, interior cases, store fixtures, counters, cases, glass in the cases, mirrors back of the fountain, bar, etc. Even the truck that delivers your merchandise offers a very wonderful opportunity for the application of POSTON characters.





WRITE FOR FREE SAMPLE LETTERS

An 80-Character Font consists of:
4 Each: A-E-I (or numeral 1)-O (or numeral 0)-S-Period;
3 Each: D-L-N-R-T-Comma;
2 Each: B-C-F-G-H-M-P-U-W;
1 Each: J-K-Q-V-X-Y-Z-2-3-4-5-6-7-8-9-?-&-!-¢-$.

A 160-Character Font consists of two 80-character Fonts.

A 240-Character Font consists of three 80-character Fonts.

STYLES OF LETTERS AND PRICE LIST

POSTON CHARACTERS are available in either Cork or Lexide. Cork characters come 3/16-inch thick in natural finish.

Lexide is a thick flexible Latex product that comes in Seven Colors—**BLACK, SILVER, GOLD, RED, BROWN, BLUE OR WHITE.** Very rich in appearance and extremely durable.

BLOCKART CUT-OUT LETTERS are available for inserting into grooved track as illustrated.

BLOCKART

"Third Dimension"

CUT-OUT LETTERS

PAT. NO. 1,839,889

Faced with genuine CHROME Plated Metal. With bases for insertion into grooved tracks.

Display Style Leaders everywhere feature BLOCKART CUT-OUT LETTERS because they are beautiful, new, modern, distinctive. They bespeak super-quality in every detail, yet they are one of the most economically priced letters in the entire sign and display field.

BLOCKART'S "third dimension" bold relief depth is today's most prominent display trend. Its "versatility" makes it instantly adaptable to any type of modern display.

BLOCKART letters are used for every conceivable style of display, including all types of signs, show cards, general displays, store name plaques, merchandise headings, counter classifications, temporary and permanent exhibits, etc. They are found invaluable by retail stores, department stores, national advertisers, sign men and scores of other experienced users of advertising materials.

Average Width of Letters

2-in. letters average 1½ in. in width

BLOCKART CHROMIUM LETTER SETS

1¼-inch high by ¼-inch thick

The illustration at left indicates the unusual attention value and practicability of these new chrome-faced interchangeable block letters and numbers. Used in show windows, or directly on merchandise they are both smart and striking. They may also be placed on counters, shelves, in showcases, etc. Or they may be used on the special BLOCKART stand provided to permit the placing of four tracks, stepped back, one directly above the other, as indicated in the upper left hand illustration. Each BLOCKART set consists of a complete assortment of letters and numerals, designed to harmonize readily with all window backgrounds. BLOCKART letters are constructed of a heavy durable composition faced with genuine chromium metal. Each letter measures 1¼ inches high and ¼ inch thick. When the letters are placed into their bases the visible part of the letter measures 1 inch high. The sides and back of each letter are painted in black. The whole letter is lacquered, making it moisture-proof with a finish that will last for years.

METHOD OF USE

The letters are extremely easy to use. Simply pick out the letters required and push them into the bases provided. That is all. The sign is then ready for use.

SET ASSORTMENT

The standard 1-inch BLOCKART set consists of 100 letters, numerals, $ and ¢ signs, etc., and 5 feet of base track cut into convenient lengths. Three bases are made 12 inches long each and four bases 6 inches long each. Or it may be had with the special BLOCKART "Step-Up" display stand equipped with four 12-inch chrome faced bases. (See upper left hand illustration.) The assortment of letters is as follows:

Five each of E, S; four each of A, C, I, N, O, R, T; three each of B, D, H, L, P; two each of F, G, K, M, U, V, W, Y, 1, 2, 3, 4, 5, 6, 7, 8, 9, 0, $, ¢, periods; one each of J, Q, X, Z, &. Set Assortment, each..... **$4.95**

Individual Letters, Etc., Accessories, Bases—Individual letters may be had at a slightly higher cost. Additional bases in 6-inch and 12-inch lengths, base, feet, etc., may be purchased separately.

Packing—Each set is packed in an attractive individual box finished in black and silver. Box dimensions are approximately 12½ in. x 5 in. x 2½ in. Shipping weight 26 ozs. per set boxed.

TEXOLITE CASEIN PAINT

Affords Better Way to Give Brilliant Color, Beauty and Punch to Display Windows and Show Rooms

- **Dries in One Hour**
- **True, Brilliant Color**
- **Does Not Yellow or Fade**
- **Reflects More Light**
- **Hides Average Surfaces in One Coat**
- **Adheres to Any Surface**

Texolite Casein Paint is the ideal material for decorating your display window backgrounds, interior show rooms or display placards. Texolite has for one thing true color which ordinary paints can't duplicate. The ten pastel shades in which factory-tinted Texolite comes are true—they do not yellow or fade. And Texolite has an exceptionally high degree of light reflectivity—a feature which adds much to the appearance and effectiveness of display work.

Texolite comes to the job in paste form. Merely adding water makes it ready for application. One gallon of Texolite makes one and one-half gallons of ready-to-use paint. It is easily and quickly applied, brushing on with little effort and leaving no brush marks.

Important in display painting is the time factor. Texolite dries in an hour—it makes possible the application of a second coat in a minimum of time. Quick drying makes possible the painting and erection of displays in a few hours' time.

Texolite hides in one coat; redecorating costs are cut considerably because of the resultant saving in time and material.

Any solid surface can be painted with Texolite. Even freshly plastered walls will satisfactorily take Texolite. Over average surfaces coverage will be slightly less. Coverage over wallboard, insulating boards and fibre boards ordinarily used in making displays is exceptionally high.

Proof of the satisfaction that Texolite offers as display paint is its use by prominent St. Louis retail stores. Here are several of them: Famous-Barr Co., Stix, Baer & Fuller, Kline's, Inc., Sonnenfeld's, Garland's, Boyd-Richardson Co., The Bond Clothing Co., Weil Clothing Co., Lammert Furniture Co., Union-May-Stern Furniture Co., J. D. Carson Furniture Co., James & Co., Alfred Steiner, Lee Shoppes.

TEXOLITE DEEP COLORS

Texolite Deep Colors are the answer to the display man's requirements for paint with extraordinary brilliance and trueness of color; paint that has combined with exceptional color the advantages of one-hour drying, one-coat hiding and real economy.

Texolite Deep Colors are identical with Texolite Casein Paint. They may be used as tinting colors to tint white Texolite or as straight deep paint to obtain striking and impressive displays of color. The use of Deep Colors to tint white Texolite affords a variety of color possibilities that are virtually unlimited.

Texolite Deep Colors have all the advantages of Texolite—non-yellowing colors, high coverage, high light reflectivity, etc.

FREE—TEXOLITE DEEP COLOR MIXING GUIDE. Write us for your copy. Shows 9 deep colors and chips of 45 reductions of reduction.

TEXOLITE ARTISTS' COLORS

Sign writers, show card decorators and artists will find Texolite Artists' Colors economical to use wherever a small quantity of color is needed. The colors and formula of Artists' Colors are identical with those of Deep Colors. They are used in the same way, and have the same money and time-saving advantages as Texolite and Texolite Deep Colors.

BEAUTY FLORAL PARADE SHEETING

By far the most beautiful floral sheeting on the market today.

White	Purple
Red	Cherry
Pink	Brown
Black	Orange
Grass Green	National Blue
Nile Green	Light Blue
Yellow	Gold
Lavender	

Any color. Per square yard..... **70c**

How to Use Beauty Sheeting

Pin six squares of Beauty Sheeting together in two rows and place over top of car with seams all running toward the rear. Pin two square yards of Beauty Sheeting together and place over hood of car. Place another Beauty Sheet next to it and pin with Giant Decorating Pins. Continue until car is covered and then stretch special decorating wire over the Beauty Sheeting. The wire will not show. Then add flowers and vines on car.

Approximate Amount of Sheeting Required to Cover Your Car as Follows:

Two-Passenger Coupe—25 Yards **Seven-Passenger Sedan—38 Yards**
Five-Passenger Sedan—31 Yards **Roadster—15 Yards**

Shipped F. O. B. Illinois Factory.

New . . . Modernistic
DISPLAY TURNTABLE

Most attractive low price turntable on the market. (Power supplied by small fan.)

- Fire-Proof.
- No Gears to Cause Trouble.
- Various Speeds.
- Modernistic in Design.
- Carries 25 lb. Balanced Load.

This New Display Will Pay for Itself in a Week's Time.

Endorsed by Leading Manufacturers, Merchants and Display Men

This New Display Turntable is modernistic in design. The top and base are finished in mahogany color that blends beautifully with the silver colored fins that form the sides of the table.

The power is supplied by a small electric fan which is mounted on the base.

There is absolutely no danger of fire from this machine as there is no direct hookup.

The table turns on two roller bearings. No gears to get out of order.

Various speeds may be obtained by shifting governor ring upward or downward.

KLING-TITE AUTOMATIC TACKER

Whenever tacking or stapling is done on any sort of papers, corrugated or fabric, whether it be to background panels, walls, etc., this automatic tacker does a more efficient and better job with greater ease.

It operates with one hand and leaves the other hand free to hold the material, a great feature for the display man. Press the handle and the tack shoots through the material and into the wood, panel or wallboard with a zip. Kling-Tite tacks come in strip form and are easily inserted in the tacker.

The Kling-Tite drives a two-pointed tackpoint with a shank about the size of an ordinary pin—a shank of equal diameter down to its point. When removed, this tackpoint leaves the surface unmarred.

Price each, **complete with box of 5000 tacks**..... **$8.00**

Price per box of 5000 tacks..... **$2.00**

Simply push together.

The startling new SPELL-O-LIGHT sign spells out any advertising message —letter by letter, by syllables, by words or complete phrases. What is more, it spells at any speed, placing the emphasis where and when needed.

The sign comprises any number of metal box units, electrically and mechanically coupled merely by pushing them together. No wiring is required other than plugging in to the nearest socket. Removable translucent letters slide into the frames of the boxes.

Each unit box has a "contact" which can be adjusted for the timing of its individual 10-watt lamp bulb with relation to other letters. Also, a switch permits each letter to flash on separately or together with other letters. The end letter takes a master unit which switches off all lights at once, so that the sign may start over.

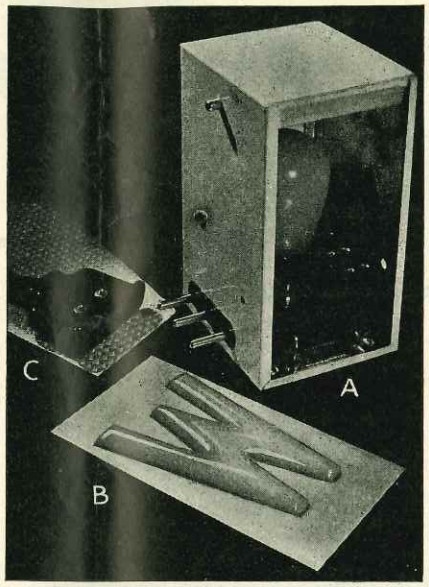
Unit boxes may be arranged in many ways—in a row for a single sign, in several scattered groups, stacked horizontally or vertically, suspended, etc.

No motors are used. No clockwork. No mechanism. There is **nothing to wear out.** SPELL-O-LIGHT is a permanent display advertising investment with **changeable message, adjustable timing and sequence, brilliant red neon-like letters, endless layout arrangements.**

PICTURE THE USES IN YOUR STORE:

Department Designation — **Seasonal Reminders** — **Special Sales** — **Window Displays** — **Store Name**

Standard box sizes 3x3x5 inches high. Timing Switch seen on base (A). Slotted front holds brilliant transparent acetate letter (B). Separate letters can be bought for any message.



Unit Construction

And it is Priced for the Modest Advertising Budget

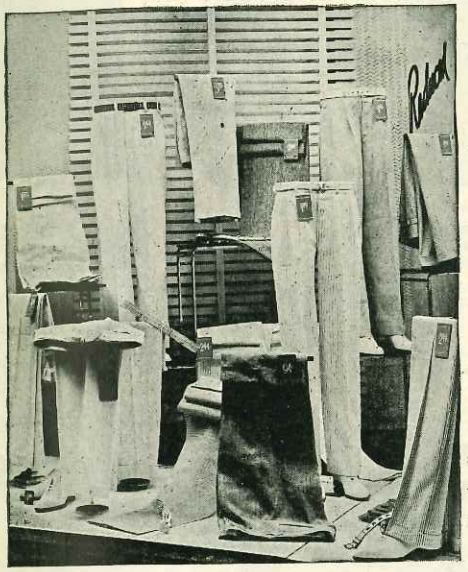
SELL MORE TROUSERS
with this Adjustable Trouser Form

Now At Last You Have the Means for Displaying Effectively Your New Trouser Styles

THE "ADJUSTO" TROUSER FORM

For years you have been seeking the proper means for displaying your new trouser styles. The T-stand you have been using has not exactly filled the bill. You will, therefore, welcome the new adjustable trouser form which has just been perfected. On it you can display a pair of trousers so as to emphasize all its style features. Here are some details about this new, business-getting fixture:



Patented No. 2074924

ADJUSTABLE—You can display on it men's or boys' trousers with a waist size from 26 in. to 33 in. and any length from 26 in. to 38 in.

PERFECT DRAPE — It gives the trousers perfect drape. No pins or padding are necessary. It will display the pleats, slash pockets, belt and the high waist very effectively.

BOTH FOR INSIDE AND WINDOW DISPLAY—Both in your trouser section and in the window this adjustable trouser form will prove a tremendous attention getter. It will actually show all the style features of the trouser to the public. It can be placed anywhere at all—on tables, cases or ledges.

TIME SAVER—This form can be draped in 60 seconds and the trousers may be taken off in 5 seconds. It is extremely easy to handle.

INDESTRUCTIBLE — Treat it roughly all you want. It can take it and it will last a lifetime.

Priced Low at **$5.00 EACH** *when ordered in lots of 3 or more*

Be the first in your city to adopt this new way of displaying trousers. Put several of these forms into your Boys' Trouser Section, into the Men's Trouser Section. Use it for window display—and watch your trouser sales grow. Each Adjusto packed complete in carton weighs 12 lbs. For a balanced window order at least three Adjustos. If less than three are ordered the price is, each..... **$5.50**

Shipping weight 20 lbs. Packed 100 to carton.
Per 1000 ..... **$27.00**

TRI-TIX — THE PERFECT ADHESIVE FOR DISPLAY WORK — It Sticks

It sticks on glass, wet or dry, paper, fabric, corrugated paper, cardboard, unfinished wood, wallboard, metal, cloth, painted surfaces, walls, floors, ceilings and furniture. Permanently flexible and **waterproof** and will not harden in the jar. No brush is needed to apply **Tri-Tix**—can be applied with the fingers—rubs from the fingers or hands.

The important point in the bonding of all materials is the application of an even coat of **Tri-Tix** adhesive that will **penetrate** into the fiber of the material. When an even coat of **Tri-Tix** is thus applied, with a sufficient quantity of adhesive left on the surface for surface adhesion, there will be no question as to the success of the operation.

Tri-Tix has many other uses. It will repair scuffed shoes, leather, handbags, awnings, tents, window shades, flags, pennants, baseballs, footballs, athletic clothing, sweaters, work clothes, gloves, auto tops, books, etc.

Tri-Tix is non-wrinkling, flexible and permanent. There is no stickiness or mess. The surplus can be rubbed off material without marring or discoloring.

No.	
TT-201—2 oz.	$0.25

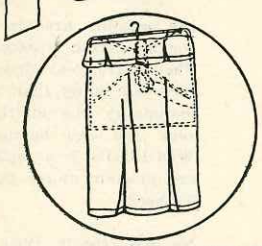
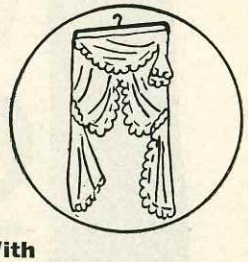
CURTAIN DISPLAY SELLING EFFICIENCY

Curt-Splay

METHOD

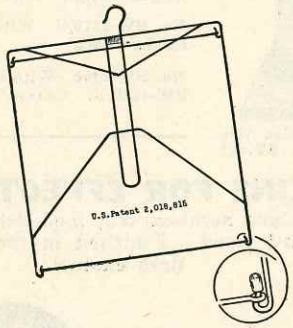




Double Your Curtain Sales With

CURT-SPLAY CURTAIN HANGERS

The most practical and least expensive curtain display you can buy



You can show curtains just as they appear at a window. Salespeople can lift the hangers from the display rack and easily show curtains completely draped in a single movement by holding the hanger handle. They are adaptable to every type of curtain—cottage sets, Priscilla, valance sets, criss-cross, panel, and all the others.

These hangers are equipped with two interchangeable rods, so that the various styles of curtains can be easily mounted.

CURT-SPLAY dramatizes the appearance of Curtains of every type and style by showing your customer just how they will look at the windows of her home.

10 BIG FEATURES

Sells more curtains
Conserves floor space
Speeds up showing of styles
Curtains always in pairs
No twisted, scrambled curtains
No injury to delicate curtains
Customers can select styles
Keeps stock fresh and clean
Easy to compare for selection
Guards against shoplifting.

CURT-SPLAY is made of light weight, sturdy, rust-proof Chromin tin finish wire. All joints are spot-welded — no rough spots or parts to tear the curtains. Nothing to get out of order. Will last a lifetime. Guaranteed for service and satisfaction.

60¢ EACH **(IN DOZEN LOTS)**

THINK OF IT! For only **60¢** each—**$7.20** a dozen—you can place this new, convenient, silent salesman in your Curtain Department and SPEED UP SALES AND PROFITS SURPRISINGLY. Packed 1 dozen to carton. 25c packing charge on orders for less than 1 dozen.

The Modern Way to Display and Sell Pants

Thousands of satisfied customers are using

A BROWDER Pants Rack

to increase sales

More than 8,500 have been sold

Holds 150 Pairs

Space Saver—It saves half the space of Pants on tables. In a space 6 ft. long and 27 in. wide you can hang 150 pairs. A six-foot table with five piles stacked fifteen high holds only 75 pairs.

Accessibility—The rack is a filing system for pants, each pair indexed according to waist, length and price. This saves time in locating sizes and patterns.

Appearance—Pants look much neater when hanging, which will greatly improve the appearance of your pants department.

It Sells Pants—This rack will sell two pairs for every one sold with old methods. The attractive, accessible display makes this possible.

Stock Keeping—How many hours a year do you spend restacking pants? The rack eliminates 90 per cent of this unnecessary work, because the pants are always in order.

Condition of Merchandise — Pants hanging do not become wrinkled, and are easier to brush and keep clean. A cloth cover over the rack at night when sweeping is all that is necessary to protect them.

Inventory Value—A glance at the index system will indicate a shortage of any particular size or pattern. This insures a faster turnover with less stock.

Specifications—150 swinging hangers, 6 ft. long, 27 in. wide, 47 in. high. A channel strip in the center for size indexing. All metal steel tubing frame. Large heavy duty hard rubber casters. Dark Mahogany Enamel finish. Card holder and size tickets furnished complete. Shipping weight 75 lbs. Price, F. O. B. St. Louis, Mo., Oakland, Calif., or New York City, N. Y..... **$25.00**

RUBBER DISPLAY HANDS and HOSIERY DISPLAYERS

Perfectly firm and rigid yet resilient enough under heavy pressure or knocks to be unbreakable and impervious to dents. This unbreakable feature makes them the most economical equipment you can buy.

Atmospheric conditions or age do not affect these forms, therefore they do not warp or split.

The natural flesh color finish does not chip or crack. Its perfectly smooth unbreakable texture is insurance against snagging the sheerest of fabrics.

Supplied with Asbesto rd, Plug, Mirror, Lens, Universal Mou g Bracket and one Color Holder, attra ly finished in Durable Black Wrinkle ed-on Enamel. **400 Watt Spot,** comple as shown, less Lam Bulb..... **$5.00**

LIGHT-- COLOR ACTION

Here is the answer to all unique and individual color lighting effects.

The BESTOMATIC

The **Bestomatic** is not just another spotlight with a color wheel; it is different. A few reasons why it is different:

It is motor-driven—entirely automatic—just plug it in the lighting circuit and it starts to operate immediately.

It is small (12-in. by 12-in. by 12-in.) and is therefore easily masked and **easy to handle.**

It operates perfectly at any angle. It has two speeds—either 14 or 28 color changes per minute.

Scientifically designed reflector mounted on Lamp Socket insures maximum light either at spot or flood.

It is equipped with an easily adjusted focusing attachment whereby a concentrated spot 3 feet in diameter can be increased to a spread of 12 feet in diameter at a distance of 10 feet. Greater spread at longer distance.

Scientifically designed to prevent overheating when used with 400 watt lamp—insuring long lamp life.

The Color Wheel has seven (7) colors of the very best moisture-proof gelatine obtainable.

The Color Wheel revolves around the Spotlight, thus giving a beautiful sweeping action—one color seemingly being swept away by the appearance of another.

Loosen one knurled screw to remove the color wheel and the lamp becomes a baby spotlight.

The use of Aluminum Castings and High Grade Sheet Metal afford lightest weight and greatest durability.

The base is constructed with two swivel joints permitting the **Bestomatic** to be quickly and easily adapted to any desired angle.

The following Medium Screw Base lamps may be used with the **Bestomatic**—250 Watt or 400 Watt 115 Volt Type G-30 and 500 Watt 115 Volt Type T-20.

Bestomatic Color Spotlight for 110 Volt A. C. 60 cycle current only—
less lamp bulb..... **$18.00**
Equipped for 110 Volt D. C. current only—less lamp bulb..... **$22.50**
